Highlighting the importance of everyday mentorship, a Hollywood star shares his personal story of mentoring and mentors who shaped his life, and introduces the life-changing stories of more than seventy of America's leading personalities.

A Hand Reached Down to Guide Me is populated by characters, young, old or somewhere in between, who are broadly knowledgeable and often creative and variously accomplished, whether as doctors, composers, academics or journalists. Terrifyingly self-aware, each one of them carries the full weight of the human condition: parents in assisted-living facilities, too many or too few people in their families and marriages, the ties that bind a sometimes messy knot, age an implacable foe, impulses pulling them away from comfort into distraction or catastrophe. In settings that range across the metropolitan and suburban Northeast, we follow their lives, alternately hilarious and tragic, as they refuse to go gently—even when they're going nowhere fast. Relentlessly inventive, these eleven stories and novella prove yet again that David Gates is one of our most talented, witty and emotionally intelligent writers.

From Holden Caulfield to Moses Herzog, our best literature has been narrated by malcontents. To this lineage add Peter Jernigan, who views the world with ferocious intelligence, grim rapture, and a chainsaw wit that he turns, with disastrous consequences, on his wife, his teenaged son, his dangerously vulnerable mistress—and, not least of all, on himself. This novel is a bravura performance: a funny, scary, mesmerizing study of a man walking off the edge with his eyes wide open—wisecracking all the way.
