A popular history of getting soused. Language historian Forsyth (The Elements of Eloquence, 2014, etc.) assembles a brisk, witty, and roughly chronological précis on drinking cultures and practices around the world since the earliest fizzle of fermentation. Using humor to skim over the violence and sadness of alcohol abuse, the author specializes in snappy summaries and choice anecdotes about the weird and obsessive customs that people have created around the process of getting drunk, with ...

_____ 'This book is a laugh riot. I mean the way the author has presented it is hilarious and to the point' Goodreads Reviewer 'Highly entertaining. Cheers! Bottoms up! Good health!' Goodreads Reviewer 'It can make a good gift for someone with a sense of humour and appreciation for the magical powers of alcohol' Goodreads Reviewer

A funny and provocative cultural history of class, manners, and the decline of civility In his smart and thought provoking new book, literary/social critic Mark Caldwell gives us a history of the demise of manners and charts the progress of an epidemic of rudeness in America. The breakdown of civility has in recent years become a national obsession, and our modern climate of boorishness has cultivated a host of etiquette watchdogs, like Miss Manners and Martha Stewart, with which we defend ourselves against an onslaught of nastiness. But Caldwell demonstrates that the foundations of etiquette actually began to corrode several centuries ago with the blurring of class lines. Touching on aspects of both our public and private lives, including work, family, and sex, A Short History of Rudeness examines how the rules of our behaviour have changed and explains why, no matter how hard we try, we can never return to a golden era of manners and mores.

In DRINKING IN AMERICA, bestselling author Susan Cheever chronicles our national love affair with liquor, taking a long, thoughtful look at the way alcohol has changed our nation's history. This is the often-overlooked story of how alcohol has shaped American events and the American character from the seventeenth to the twentieth century. Seen through the lens of alcoholism, American history takes on a vibrancy and a tragedy missing from many earlier accounts. From the drunkenness of the Pilgrims to

Online Library A Short History Of Drunkenness

Prohibition hijinks, drinking has always been a cherished American custom: a way to celebrate and a way to grieve and a way to take the edge off. At many pivotal points in our history—the illegal Mayflower landing at Cape Cod, the enslavement of African Americans, the McCarthy witch hunts, and the Kennedy assassination, to name only a few—alcohol has acted as a catalyst. Some nations drink more than we do, some drink less, but no other nation has been the drunkest in the world as America was in the 1830s only to outlaw drinking entirely a hundred years later. Both a lively history and an unflinching cultural investigation, *DRINKING IN AMERICA* unveils the volatile ambivalence within one nation's tumultuous affair with alcohol.

A celebration of the brave, drunken pioneers who built our civilization one seemingly bad decision at a time, *A Brief History of Vice* explores a side of the past that mainstream history books prefer to hide. History has never been more fun—or more intoxicating. Guns, germs, and steel might have transformed us from hunter-gatherers into modern man, but booze, sex, trash talk, and tripping built our civilization. Cracked editor Robert Evans brings his signature dogged research and lively insight to uncover the many and magnificent ways vice has influenced history, from the prostitute-turned-empress who scored a major victory for women's rights to the beer that helped create—and destroy—South America's first empire. And Evans goes deeper than simply writing about ancient debauchery; he recreates some of history's most enjoyable (and most painful) vices and includes guides so you can follow along at home. You'll learn how to: • Trip like a Greek philosopher. • Rave like your Stone Age ancestors. • Get drunk like a Sumerian. • Smoke a nose pipe like a pre-Columbian Native American. “Mixing science, humor, and grossly irresponsible self-experimentation, Evans paints a vivid picture of how bad habits built the world we know and love.”—David Wong, author of *John Dies at the End*

Alcoholism, as opposed to the safe consumption of alcohol, remains a major public health issue. In this accessible book, Robert Dudley presents an intriguing evolutionary interpretation to explain the persistence of alcohol-related problems. Providing a deep-time, interdisciplinary perspective on today's patterns of alcohol consumption and abuse, Dudley traces the link between the fruit-eating behavior of arboreal primates and the evolution of the sensory skills required to identify ripe and fermented fruits that contain sugar and low levels of alcohol. In addition to introducing this new theory of the relationship of humans to alcohol, the book discusses the supporting research, implications of the hypothesis, and the medical and social impacts of alcoholism. *The Drunken Monkey* is designed for interested readers, scholars, and students in comparative and evolutionary biology, biological anthropology, medicine, and public health.

Online Library A Short History Of Drunkenness

A spirited look at the history of alcohol, from the dawn of civilization to the modern day Alcohol is a fundamental part of Western culture. We have been drinking as long as we have been human, and for better or worse, alcohol has shaped our civilization. Drink investigates the history of this Jekyll and Hyde of fluids, tracing mankind's love/hate relationship with alcohol from ancient Egypt to the present day. Drink further documents the contribution of alcohol to the birth and growth of the United States, taking in the War of Independence, the Pennsylvania Whiskey revolt, the slave trade, and the failed experiment of national Prohibition. Finally, it provides a history of the world's most famous drinks—and the world's most famous drinkers. Packed with trivia and colorful characters, Drink amounts to an intoxicating history of the world.

THE SUNDAY TIMES BESTSELLER 'Not remotely preachy' - The Times 'Jaunty, shrewd and convincing' - Sunday Telegraph 'Admirably honest, light, bubbly and remarkably rarely annoying.' - Alice O'Keefe, Guardian 'Truthful, modern and real' - Stylist 'Brave, witty and brilliantly written' - Marie Claire Ever sworn off alcohol for a month and found yourself drinking by the 7th? Think there's 'no point' in just one drink? Welcome! There are millions of us. 64% of Brits want to drink less. Catherine Gray was stuck in a hellish whirligig of Drink, Make horrible decisions, Hangover, Repeat. She had her fair share of 'drunk tank' jail cells and topless-in-a-hot-tub misadventures. But this book goes beyond the binges and blackouts to deep-dive into uncharted territory: What happens after you quit drinking? This gripping, heart-breaking and witty book takes us down the rabbit-hole of an alternative reality. A life with zero hangovers, through sober weddings, sex, Christmases and breakups. In *The Unexpected Joy of Being Sober*, Catherine Gray shines a light on society's drink-pushing and talks to top neuroscientists and psychologists about why we drink, delving into the science behind what it does to our brains and bodies. Much more than a tale from the netherworld of addicted drinking, this book is about the escape, and why a sober life can be more intoxicating than you ever imagined. Whether you're a hopelessly devoted drinker, merely sober-curious, or you've already ditched the drink, you will love this book. 'Haunting, admirable and enlightening' - The Pool 'A riveting, raw, yet humorous memoir with actionable advice.' - Annie Grace, author of *This Naked Mind* 'Like listening to your best friend teach you to be sober. Lighthearted but serious, it's packed with ideas, tools, tips and, most importantly, reasons for living a sober life.' - Eric Zimmer, host of podcast *The One You Feed* 'Gray's fizzy writing succeeds in making this potentially boring-as-hell subject both engaging and highly seductive' - The Bookseller 'Her exquisitely crafted thoughts on the joys of being sober are not only deeply honest and pragmatic, but she manages to infuse tons of humor. This is a delightful, informative, and compelling read for all those who are sober or seeking sobriety.' - Sasha Tozzi, Huffington Post

Online Library A Short History Of Drunkenness

Whatever your favourite tippie, when you pour yourself a drink, you have the past in a glass. You can likely find them all in your own kitchen – beer, wine, spirits, coffee, tea, cola. Line them up on the counter, and there you have it: thousands of years of human history in six drinks. Tom Standage opens a window onto the past in this tour of six beverages that remain essentials today. En route he makes fascinating forays into the byways of western culture: Why were ancient Egyptians buried with beer? Why was wine considered a “classier” drink than beer by the Romans? How did rum grog help the British navy defeat Napoleon? What is the relationship between coffee and revolution? And how did Coca-Cola become the number one poster-product for globalization decades before the term was even coined?
