Allison Warner and Rob Davidson are ADK Wooden Boats. We've been building and restoring traditional wooden Adirondack Guideboats since 1999. We use only traditional materials and methods to replicate and restore these historic craft. We follow the forms of the old masters as well as innovating our own designs in our newly constructed Adirondack Guideboats.

Allison Warner-Adirondack Museum's Boat Builder-in-Residence Allison has been the Museum's boat builder-in-residence for the past eight summers. Since guideboats are almost entirely built by hand they require the builder to master the use of hand tools. This Allison has done, in fact, she has totally mastered art of building boats by hand.

Building a Traditional Adirondack Guideboat - Adirondack ...

The Adirondack Guideboat is a flat-bottomed boat with a deep 'V'-shaped hull. It is symmetrical side-to-side and end-to-end. Bearing sharp stems on either ends, it is a true double-ender. The hull is lap-straked with a beveled overlap, making it smooth-skinned. The ribs and stems are sawn from the natural crooks of spruce roots.
