learners of all ages become wiser, and more informed.

Teach your students to become well-informed consumers Consumer Mathematics presents basic math skills used in everyday situations--paying taxes, buying food, banking and investing, and managing a household. The full-color text helps students and young adults become wiser, more informed consumers. Lexile Level 850 Reading Level 3-4 Interest Level 6-12

Help students add to their real-world knowledge! Uses a step-by-step approach to strengthen money-management skills Explains how to spend wisely and create a balanced budget Demystifies concepts such as getting a loan and establishing good credit Teaches crucial life skills such as buying insurance and filing a tax return Power Basics Singles: Consumer Mathematics includes one each of the following: Student Text Student Text Teacher's Guide Student Workbook with Answer Key Test Pack

Designed for the purpose of reproducing student materials for classroom use to accompany a specific AGS textbook program. Includes tools needed for browsing and printing selected pages from the teacher's resource library on PDF file format.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).
