Awakening in an Earth hospital unable to remember who he is or where he came from, Corwin is amazed to learn that he is one of the sons of Oberon, King of Amber, and is the rightful successor to the crown in a parallel world. Reissue.

Following the cliffhanger ending of *Blood of Amber*, Merlin is stranded in a surrealistic Alice in Wonderland-esque bar where the Mad Hatter serves cocktails. Managing to escape, Merlin meets new family members -- one of whom is intent on killing him. As events escalate, Merlin finds himself surrounded by his worst enemies including his ex-girlfriend -- back from the dead.

The latest in the series of Amber novels, in which Merlin, the son of Prince Corwin, continues to claim his birthright, despite the various people who wish to kill him.

Corwin, a prince who has escaped from prison, attempts to regain his right to the throne of the perfect kingdom, known as Amber

□ In the final novels of his ten-book Amber series, Roger Zelazny rewarded readers with several startling revelations about his fantasy universe. Fans discovered for the first time that Amber is not the one true world of which all others are but Shadows. Rather, the mysterious Courts of Chaos preceded the creation of Amber. It was also revealed that the mad mage Dworkin was the father of Oberon, founder of Amber's ruling dynasty, and that Dworkin's origins go further back in time than the founding of Amber itself. The Dawn of Amber is a prequel series, exploring events that precede the first novel in the series, that answers these intriguing questions. Here, in Book One, you'll meet the young soldier known as Obere as he's whisked away from the kingdom and world he has known and defended his entire life, and placed on a knife's edge of turmoil, intrigue, domination and death. He must learn what he can on the fly, unwilling to let friend and foe alike know how little he understands of this strange universe and the dangerous creatures that rule it. His life is in jeopardy, as is the entire House of Dworkin—the result of an ages-old blood feud that threatens to destroy Obere's new-found family and any hope for a universe of light to balance and oppose the forces of Chaos and darkness. To achieve his legacy of power and become a player rather than a pawn in this deadly game whose rules he is yet to discover, Obere must journey into the serpent's lair, the home of his enemies . . . the Courts of Chaos.

Returning to Shadow Earth to investigate a threat against his life, Corwin discovers that the Jewel of Judgment has been stolen by his traitorous brother, Brand, who plans to use the enigmatic gem to reshape the universe. Reissue.

Amber reveals the mysteries of King Oberon's disappearance, the hellwitch's identity, and the magical pattern that holds the kingdom of Amber together, but his victory over the Dark Lands remains in doubt

Amber is the one real world, casting infinite reflections of itself -- Shadow worlds, that can be manipulated by those of royal Amberite blood. But the royal family is

torn apart by jealousies and suspicion; the disappearance of the Patriach Oberon has intensified the internal conflict by leaving the throne apparently up for grabs. In a hospital on the Shadow Earth, a young man is recovering from a freak car accident; amnesia has robbed him of all his memory, even the fact that he is Corwin, Crown Prince of Amber, rightful heir to the throne -- and he is in deadly peril . . . The five books, *Nine Princes in Amber*, *The Guns of Avalon*, *Sign of the Unicorn*, *The Hand of Oberon* and *The Courts of Chaos*, together make up *The Chronicles of Amber*, Roger Zelazny's finest work of fantasy and an undisputed classic of the genre.
