Review from previous edition: "Perfectly organized and precisely written, Bryman's Social Research Methods remains the essential text. The book will continue to underpin research methods teaching across the social sciences, and to shape, guide and spur on the work of current and future generations of social researchers."

Synopsis. Now in its third edition, this market-leading textbook continues to provide students with an excellent explanation and demonstration of the main approaches and techniques in social research methods. The book shows students how to assess the contexts within which different research methods may be used, and how they should be implemented.
