Part of the Rats trilogy, international bestseller James Herbert's Domain pits man against mutant rats, who are back with a vengeance. The long-dreaded nuclear conflict. The city torn apart, shattered, its people destroyed or mutilated beyond hope. For just a few, survival is possible only beneath the wrecked streets - if there is time to avoid the slow-descending poisonous ashes. But below, the rats, demonic offspring of their irradiated forebears, are waiting. They know that Man is weakened, become frail. Has become their prey . . .

Immanuel Gabriel encounters his deceased grandfather as he attempts to investigate the end of the world, predicted by Mayan prophecy to occur in 2012, and learns dark secrets about human history.

Once again, in this follow-up to Domain, Steve Alten has ingeniously woven the mysteries of the past into a gripping and unforgettable vision of the future. Mayan legend tells of the Hero Twins, destined to confront the Lords of the Underworld and rescue their long-lost father from the realm of darkness. Merely a two-thousand-year-old myth--or a prophecy of an apocalyptic battle for the soul of mankind? On December 21, 2012, a date long foretold by the Mayan calendar, Michael Gabriel disappeared from the face of the Earth, after saving the entire planet from thermonuclear destruction. Less than a year later, his bereaved wife gave birth to twin sons, both possessed of extraordinary mental and physical gifts. Are these at last the Hero Twins? And yet, as crucial as the twins are, they are not unique. A third child was born on the same fateful day, blessed--or cursed--with the same superhuman talent and potential. Exposed to the uglier side of existence, Lillith will travel down a darker path that leads to eon-distant Xibalba--the Mayan version of hell. An epic battle of good versus evil will begin . . . and the final fate of the human race will be revealed. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Marine biologist Zachary Wallace once suffered a near-drowning experience in legendary Loch Ness, and now, long-forgotten memories of that experience have begun haunting him. The truth surrounding these memories lies with Zachary's estranged father, Angus Wallace, a wily Highlander on trial for murder. Together the two plunge into a world where the legend of Loch Ness shows its true face. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

21 December, 2012: the end of the Mayan calendar. The advent of Armageddon. From the distant mythic past, through the conspiracy-filled present and into the terrifying future, The Mayan Trilogy follows four generations of the Gabriel family as they struggle to embrace their superhuman destiny in the face of an apocalyptic threat both supernatural and all too real. Marrying Mayan legend and mind-bending science; spanning centuries and traversing dimensions; and paced faster than a particle in the Large Hadron Collider, The Mayan Trilogy is a race through - and against - time to preserve the very future of humanity by solving the mysteries of its ancient past. This three-book pack comprises The Mayan Prophecy, The Mayan Resurrection and The Mayan Destiny.

A beautiful psychologist must help the son of an infamous archaeologist escape a mental asylum in order to resolve the 2,000 year old Mayan Calendar's prophecy of Doom and save humanity. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

#1 NEW YORK TIMES BESTSELLER • Now a major motion picture directed by Steven Spielberg. “Enchanting . . . Willy Wonka meets The Matrix.”–USA Today • “As one adventure leads expertly to the next, time simply evaporates.”–Entertainment Weekly A world at stake. A quest for the ultimate prize. Are you ready? In the year 2045, reality is an ugly place. The only time Wade Watts really feels alive is when he’s jacked into the OASIS, a vast virtual world where most of humanity spends their days. When the eccentric creator of the OASIS dies, he leaves behind a series of fiendish puzzles, based on his obsession with the pop culture of decades past. Whoever is first to solve them will inherit his vast fortune—and control of the OASIS itself. Then Wade cracks the first clue. Suddenly he’s beset by rivals who’ll kill to take this prize. The race is on—and the only way to survive is to win. **NAMED ONE OF THE BEST BOOKS OF THE YEAR** BY Entertainment Weekly • San Francisco Chronicle • Village Voice • Chicago Sun-Times • 109 • The AV Club “Delightful . . . the grown-up’s Harry Potter.”– HuffPost “An addictive read . . . part intergalactic scavenger hunt, part romance, and all heart.”–CNN “A most excellent ride . . . Cline stuffs his novel with a cornucopia of pop culture, as if to wink to the reader.”–Boston Globe “Ridiculously fun and large-hearted . . . Cline is that rare writer who can translate his own dorky enthusiasms into prose that’s both hilarious and compassionate.”–NPR “[A] fantastic page-turner . . . starts out like a simple bit of fun and winds up feeling like a rich and plausible picture of future friendships in a world not too distant from our own.”–109

In MEG: Generations, Steve Alten New York Times bestselling author continues his terrifying series. MEG: GENERATIONS opens where MEG: NIGHTSTALKERS left off. The Liopleurodon offspring has been moved to a holding tank aboard the Dubai-Land transport ship, Tonga for its journey to the Middle East. While the Crown Prince’s investors gawk at the creature, below deck in the tanker’s hold, another captured beast is awakened from its drug-induced state and goes on a rampage. The vessel sinks, the Lio escapes At the Publisher’s request, this title is being sold without Digital Rights Management Software (DRM) applied.

East Antarctica: The coldest, most desolate location on Earth. Two-and-a-half miles below the ice cap is Vostok, a six thousand square mile liquid lake, over a thousand feet deep, left untouched for more than fifteen million years. Now, marine biologist Zachary Wallace and two other scientists aboard a submersible tethered to a laser will journey 10,000 feet beneath the ice into this unexplored realm to discover Mesozoic life forms long believed extinct--and an object of immense power responsible for the evolution of modern man. In this sequel to The Loch and prequel to MEG: Nightstalkers, New York Times bestselling author Steve Alten offers readers a crossover novel that combines characters from two of his most popular series. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Five years and more than 100,000 copies after it was first published, it’s hard to imagine anyone working in Web design who hasn’t read Steve Krug’s “instant classic” on Web usability, but people are still discovering it every day. In this second edition, Steve adds three new chapters in the same style as the original: wry and entertaining, yet loaded with insights and practical advice for novice and veteran alike. Don’t be surprised if it completely changes the way you think about Web design. Three New Chapters! Usability as common courtesy -- Why people really leave Web sites Web Accessibility, CSS, and you -- Making sites usable and accessible Help! My boss wants me to _____. -- Surviving executive design whims “I thought usability was the enemy of design until I read the first edition of this book. Don’t Make Me Think! showed me how to put myself in the position of the person who uses my site. After reading it over a couple of hours and putting its ideas to work for the past five years, I can say it has done more to improve my abilities as a Web designer than any other book. In this second edition, Steve Krug adds essential ammunition for those whose bosses, clients, stakeholders, and marketing managers insist on doing the wrong thing. If you design, write, program, own, or manage Web sites, you must read this book.” -- Jeffrey Zeldman, author of Designing with Web Standards
