Written in a concise, clear, and conversation way, this Seventh Edition provides just the right amount of information students need to come to class prepared. Starting with the big picture of financial statements first, Paul Kimmel shows students why financial accounting is important to their everyday lives, business majors, and future careers.

Team for Success: Textbooks: Financial Accounting, 7th Edition

Written in a friendly style with clear explanations, Financial Accounting Theory provides a thorough presentation of financial accounting theories. This new edition continues to include considerable coverage of accounting standards oriented to IASB standards as well as major U.S. accounting standards. While the text discussion concentrates on relating standards to the theoretical framework of the book, the coverage provides students with exposure to the contents of the standards themselves.
