In April 2008, the world watched in horror as the news of Josef Fritzl made worldwide headlines. But for one British woman the story was not the stuff of unimaginable nightmares. Alice Lawrence knew all too well the torture suffered at the hands of a father whose depravity knew no bounds. She too was kept prisoner and repeatedly made pregnant - and it was only after the death of one of her babies that she finally found the courage to escape. Born in 1970, Alice grew up in the impoverished backstreets of an industrial Northern town with her parents and seven brothers and sisters. She was first raped by her father when she was 11. From the age of 15, she was made pregnant six times by him in an effort to secure additional state benefits. All bar one of her pregnancies failed, but her daughter never made it through her first year. The death of her baby was the spur to Alice bringing her father and abuser to justice. Finally, Alice can tell her deeply moving story of recovery from abuse.

, p>"James, in particular, makes for a compelling, intriguing figure, one who the reader struggles to 'figure out' and make sense of even after all is said and done. In James we see many of the binary themes that unite the work as a whole: in short, an ongoing battle between light and dark." -David, firstediting.com "Your memoir is poignant, candid, and deeply moving, but moreover, it has a depth that readers who look beyond the surface will pick up quickly, a depth that gives the book a certain thought-provoking complexity." -David, firstediting.com

On July 4, 1990, eighteen-year-old Stacey Lannert shot and killed her father, who had been sexually and emotionally abusing her since she was eight. She suffered terrifying abuse at the hands of her unstable, alcoholic father for ten years until the night she realised he was turning his attention towards her younger sister, who was on the verge of becoming his next victim. Stacey's trial went horribly wrong and she was found guilty of first-degree murder and sentenced to life in prison without the possibility of early release. But - after spending as many years behind bars as she had outside of them - her sentence was finally reviewed and she was freed. I Shot Daddy is Stacey's heartrending memoir of her harrowing childhood and the pain and protective love of her sister that led her to that horrifying night. An incredibly moving and gripping story which tells of an extraordinary recovery of a woman determined to fight for her freedom.

Million-copy bestselling author Cathy Glass tells the story of Dawn, a sweet and seemingly well-balanced girl whose outward appearance masks a traumatic childhood of suffering at the hands of the very people who should have cared for her.

Tens of thousands of children are removed from home each year due to some form of child maltreatment, usually physical neglect, physical abuse, or sexual abuse, although sometimes for emotional abuse as well. An additional significant number of children are victims of child maltreatment but remain in their home. Extensive research reveals the far reaching and long lasting negative impact of maltreatment on child victims, including on their physical, social, emotional, and behavioral functioning. One particularly troubling and complicated aspect is how the child victim forms (and maintains) a " traumatic bond " with his abuser, even becoming protective and defensive of that person despite the pain and suffering they have caused. This book will provide the reader with the essential experience of understanding how children make meaning of being maltreated by a parent, and how these traumatic bonds form and last. Through an examination of published memoirs of abuse, the authors analyze and reveal the commonalities in the stories to uncover the ways in which adult victims of childhood abuse understand and digest the traumatic experiences of their childhoods. This understanding can inform interventions and treatments designed for this vulnerable population and can help family and friends of victims understand more fully the maltreatment experience " from the inside out. "

Sophie Young tells her shocking true story in Please Will Someone Help Me? Sophie Young was born into a dysfunctional family, with a violent mother and father. Sophie was routinely neglected and harmed, starved and left to fend for herself. Social workers were often involved but, despite numerous visits and extensive reports, nothing was ever done. When Sophie was six, her life took another horrible turn: her adored grandfather began to sexually abuse her. Please Will Someone Help Me? is Sophie Young's heartbreaking story about a young girl at the mercy of the adult world. With full access to her social work files, she shows how those who are meant to help children can be blind to the reality of their lives; but how, ultimately, love conquers all. Sophie Young was the eldest of three, born into a dysfunctional family that she fought for years to escape. Now forty years old, she lives in England with her husband and children, and works as a volunteer for a national children's charity.

Cast from their home country by religious intolerance, the Pilgrims ' harrowing voyage to the New World was filled with hardships. But through it all they persisted, motivated by the promise of a better life in which they could gather and worship God in their own ways. A collection of ragtag ships carried them across the ocean, among them The Mayflower. Crammed into the ship 's hull, 102 people made this most famous pilgrimage. Besieged by illness and Indians and, many of them believed, witches, the Pilgrims eventually flourished, building up colonies and establishing their own rules for the practice of religion. Here is their dramatic story.

" When I first discovered the grainy picture in my mother 's desk—me as a towheaded two year old sitting in what I remember was a salmon-orange-stained lifeboat—I was overwhelmed by the feeling that the boy in the boat was not waving and laughing at the person snapping the photo as much as he was frantically trying to get the attention of the man I am today. The boy was beckoning me to join him on a voyage through the harrowing straits of memory. He was gambling that if we survived the passage, we might discover an ocean where the past would become—privilege and poverty, violence and tenderness, truth and deceit—that he 's spent years trying to escape. In this surprisingly funny and forgiving memoir, Ian reminds us that no matter how different the pieces may be, in the end we are all cut from the same cloth, stitched by faith into an exquisite quilt of grace. " Simultaneously redemptive and consoling with bright moments of humor . . . this story is chock-full of sacredness and hope. Cron is one of only a few spirituality authors who could articulate these themes as poignantly. " PUBLISHERS WEEKLY " Ian Cron writes with astonishing energy and freshness; his metaphors stick fast in the imagination. This is neither a simple memoir of hurt endured, nor a tidy story of reconciliation and resolution. It is—rather like Augustine 's Confessions—a testimony to the unfinished business of grace. " DR. ROWAN WILLIAMS, Archbishop of Canterbury " Ian Cron has the gift of making his human journey a parable for all of our journeys. Read this profound book and be well fed, and freed. " FR. RICHARD ROHR, O.F.M., author of Everything Belongs " Ian Morgan Cron is a brilliant writer. This is the kind of book that you don 't just read. It reads you. " MARK BATTERSON, author of In a Pit with a Lion on a Snowy Day
