material, plan sequences and method of work. They must be efficient in cutting and shaping material, and joining them together. Is This Answer Correct? 157 Yes 3 No

## 15 Carpenter Interview Questions and Answers

Carpenters work in a variety of settings. They may work in construction, residential or commercial settings etc. A high school diploma and completion of an apprenticeship are usually required. Your interview questions should be geared by the seniority of the position you're hiring for. For example, if you're hiring an apprentice, you should pay less attention to technical expertise and more to character aspects such as ability to follow instructions, willingness to learn and reliability.
