**Elie Wiesel: Night** is a powerful and moving work of literature that explores the Holocaust through the eyes of a young boy. The Holocaust: Europe, the World, and the Jews is a readable text for undergraduate students containing sufficient but manageable detail. The author provides a broad set of perspectives, while emphasizing the Holocaust as a catastrophe emerging from an international Jewish question. This text conveys a sense of the Holocaust's many moving parts. It is arranged chronologically and geographically to reflect how persecution, experience, and choices varied over different periods and places. Instructors may also take a thematic approach, as the chapters have distinct sections on such topics as German decisions, Jewish responses, bystander reactions, and other themes.

An in-depth look at Elie Wiesel's writings, from his earliest works to his final novels. Elie Wiesel (1928–2016) was one of the most important literary voices to emerge from the Holocaust. The Nazis took the lives of most of his family, destroyed the community in which he was raised, and subjected him to ghettoization, imprisonment in Auschwitz and Buchenwald, and a death march. It is remarkable not only that Wiesel survived and found a way to write about his experiences, but that he did so with elegance and profundity. His novels grapple with questions of tradition, memory, trauma, madness, atrocity, and faith. The Struggle for Understanding examines Wiesel's literary, religious, and cultural roots and the indelible impact of the Holocaust on his storytelling. Grouped in sections on Hasidic origins, the role of the Other, theology and tradition, and later works, the chapters cover the entire span of Wiesel's career. Books analyzed include the novels Dawn, The Forgotten, The Gates of the Forest, The Town Beyond the Wall, The Testament, The Time of the Uprooted, The Sonderberg Case, and Hostage, as well as his memoir, Night. What emerges is a portrait of Wiesel's work in its full literary richness. Victoria Nesfield is Research Coordinator in the Humanities Research Centre at the University of York, in the United Kingdom. Philip Smith is Professor of English at the Savannah College of Art and Design Hong Kong.

The studies and documents available in this field are of great interest to archivists, researchers, historians, and also to a wider audience. For many decades, the Holocaust in Eastern Europe lacked the required introspection, research and study, and most importantly the access to archives and documentation. Only in recent years and with the significant help of an emerging generation of local scholars, the Holocaust from this region became the focus of many studies.

The Nobel Peace Prize-winner reflects on a variety of subjects, including the moral responsibility of governments and individuals, the role of the state, capital punishment, and mercy killing.

Provides a cutting-edge, nuanced, and multi-disciplinary picture of the Holocaust from local, transnational, continental, and global perspectives Holocaust Studies is a dynamic field that encompasses discussions on human behavior, extremity, and moral action. A diverse range of disciplines – history, philosophy, literature, social psychology, anthropology, geography, amongst others – continue to make important contributions to its scholarship. A Companion to the Holocaust provides exciting commentaries on current and emerging debates and identifies new connections for research. The text incorporates new language, geographies, and approaches to address the precursors of the Holocaust and examine its global consequences. A team of international contributors provides insightful and sophisticated analyses of current trends in Holocaust research that go far beyond common conceptions of the Holocaust's causes, unfolding and impact. Scholars draw on their original research to interpret current, agenda-setting historical and historiographical debates on the Holocaust. Six broad sections cover wide-ranging topics such as new debates about Nazi perpetrators, arguments about the causes and places of persecution of Jews in Germany and Europe, and Jewish and non-Jewish responses to it, the use of forced labor in the German war economy, representations of the Holocaust witness, and many others. A masterful framing chapter sets the direction and tone of each section's themes. Comprising over thirty essays, this important addition to Holocaust studies: Offers a remarkable compendium of systematic, comparative, and precise analyses Covers areas and topics not included in any other companion of its type Examines the ongoing cultural, social, and political legacies of the Holocaust Includes discussions on non-European and non-Western geographies, inter-ethnic tensions, and violence A Companion to the Holocaust is an essential resource for students and scholars of European, German, genocide, colonial and Jewish history, as well as those in the general humanities.

A Holocaust survivor's surprising and thought-provoking study of forgiveness, justice, compassion, and human responsibility, featuring contributions from the Dalai Lama, Harry Wu, Cynthia Ozick, Primo Levi, and more. While imprisoned in a Nazi concentration camp, Simon Wiesenthal was taken one day from his work detail to the bedside of a dying member of the SS. Haunted by the crimes in which he had participated, the soldier wanted to confess to—and obtain absolution from—a Jew. Faced with the choice between compassion and justice, silence and truth, Wiesenthal said nothing. But even years after the way had ended, he wondered: Had he done the right thing? What would you have done in his place? In this important book, fifty-three distinguished men and women respond to Wiesenthal's questions. They are theologians, political leaders, writers, jurists, psychiatrists, human rights activists, Holocaust survivors, and victims of attempted genocides in Bosnia, Cambodia, China and Tibet. Their responses, as varied as their experiences of the world, remind us that Wiesenthal's questions are not limited to events of the past.

Sixteen scholars from around the globe gathered at the Oxford Centre for Hebrew and Jewish Studies in the bucolic Yarnton Manor in the Oxfordshire countryside in June 2014, for the first (now annual) Oxford Summer Institute on Modern and Contemporary Judaism. The current volume is the fruit of this encounter. The goal of the event was to facilitate in-depth engagement with the thought of Rabbi Dr. Irving “Yitz” Greenberg, concentrating particularly on the historical ramifications of his theological and public stances. Consideration was given to his lifelong and complex encounter with the Modern Orthodox stream of American Judaism and the extent to which his teachings functioned as “the road not taken.” This auspicious gathering was most certainly characterized by deep appreciation for Greenberg’s original outlook, which is predicated on his profound dedication to God, Torah, the Jewish people, and humanity. But this was by no means gratuitous homage or naive esteem. On the contrary, those in attendance understood that the most genuine form of admiration for a thinker and leader of his stature—especially one who continues to produce path-breaking writings and speak out publicly—is to examine rigorously and critically his ideas and legacy. We are confident that the creative process that was nurtured has resulted in a substantive contribution to research on the religious, historical, and social trajectories of contemporary Judaism, and, similarly will engender fresh thinking on crucial theological and ideological postures that will ultimately enrich Jewish life. This volume offers readers a critical engagement with the trenchant and candid efforts of one of the most thoughtful and earnest voices to emerge from within American Orthodoxy to address the theological and moral concerns that characterize our times.
