Rock Crawling Manual Or Auto

Yes, manual transmissions may be more reliable in the long run, but automatics are more trustworthy while you're rock crawling. If you're building a truck specifically for rock crawling, I'd say go with a manual. If you're planning on doing other things with your build, go with your personal preference.

Rock Crawling Manual Or Auto - modularscale.com  
So rock crawling requires one foot on the gas pedal and one on the brake. In a manual transmission you will also need one on the clutch. (not really, The Jeep Geek will explain in a few moments). It is just a lot easier to rock-crawl with one foot on the brake and one on the gas. Then you can control speed on obstacles a lot easier.
