Put the work in or tell your supervisor you will not complete it, this sort of thinking is what has made much of business and finance. Continue Reading. The answer is, does it matter? If your company, some governing body, or something else says you have to complete some training (probably for standards) and you want to shortcut it "because it takes too much time" and you don't know the answers anyways, why are you trying to short cut it?

Moderating Usability Tests provides insight and guidance for usability testing. To a large extent, successful usability testing depends on the skills of the person facilitating the test. However, most usability specialists still learn how to conduct tests through an apprentice system with little formal training. This book is the resource for new and experienced moderators to learn about the rules and practices for interacting. Authors Dumas and Loring draw on their combined 40 years of usability testing experience to develop and present the most effective principles and practices – both practical and ethical – for moderating successful usability tests. The videos are available from the publisher's companion web site. Presents the ten “golden rules that maximize every session’s value Offers targeted advice on how to maintain objectivity Discusses the ethical considerations that apply in all usability testing Explains how to reduce the stress that participants often feel Considers the special requirements of remote usability testing Demonstrates good and bad moderating techniques with laboratory videos accessible from the publisher’s companion web site

A practical guide to being a trusted advisor for leaders in any industry In this hands-on successor to the popular book *The Trusted Advisor*, you'll find answers to pervasive questions about trust and leadership—such as how to develop business with trust, nurture trust-based relationships, build and run a trustworthy organization, and develop your trust skill set. This is the Lab Manual to accompany 70-698: Installing & Configuring Windows 10 exam. Students pursuing a Microsoft Certified Solutions Associate (MCSA) for Windows 10 will need to start with this 70-698: Installing & Configuring Windows 10 exam. Often referred to as the Help Desk course, this exam provides students with the essentials needed for a career in Information Technology in a corporate environment. Exam 70-698 is the first exam required to earn the Windows 10 MCSA credential, and a primary course in most Help Desk Technician curricula. This text is comparable to exam 70-687 for Windows 8.1 or 70-680 for Windows 7. This exam covers local installation, configuration of core local services, and the general local management and maintenance of Windows 10. Although the focus is primarily on local scenarios, enterprise scenarios are also included, where applicable. Some cloud-integrated services are covered where appropriate, such as with Microsoft Passport. Microsoft Official Academic Course (MOAC) textbooks are designed for instructor-led classroom courses; the optional MOAC Labs Online facilitate hands-on labs from any location, locally or remotely. Available as an ebook with optional MOAC Labs Online or Lab Manual.
