An Amazon Bestseller! The Most Comprehensive Takedown of the Obama Presidency! "If you want to know why the history books will have a dim view of Barack Obama, this is the book to read."—John Hawkins, Right Wing News and Townhall.com The presumption of Barack Obama's presidential greatness began before he even won the presidency. Now that he's out of office, presidential "experts" and historians are ranking Obama as one of our nation's greatest presidents, placing him amongst Washington, Lincoln, Jefferson, and Truman. Obama's presidency was certainly consequential, but it was by no means great. Did Barack Obama really save America from another Great Depression? Did he really unite America or improve America's global image? Did he really usher in a new era of post-partisanship and government transparency? Did he really expand health coverage while lowering costs and cutting taxes? Did he really make America safer and stronger than it was when he first took office? According to his supporters in the media, Hollywood, and academia, he did. But they are wrong. And they're working aggressively to ensure their version of Obama's legacy is written into the history books. How can you discover and protect the truth? Matt Margolis and Mark Noonan have compiled everything you need to know about the presidency of Barack Obama into a single source. First published in 2016, this book has now been updated to include the entirety of Obama's presidency, and the shocking details that have come to light since he left office. *The Worst President in History: The Legacy of Barack Obama* compiles two hundred inconvenient truths about Obama's presidency—the facts that define his legacy: his real impact on the economy; the disaster that is Obamacare; his shocking abuses of taxpayer dollars; his bitterly divisive style of governing; his shameless usurping of the Constitution; his many scandals and cover-ups; his policy failures at home and abroad; the unprecedented expansion of government power...and more. In his farewell address to supporters on January 11, 2017, Barack Obama declared, "By almost every measure, America is a better, stronger place than it was when we started." This book destroys that narrative, putting Obama's presidency into historical context and offering an avalanche of facts that simply cannot be ignored. All of these facts are now at your fingertips in a single source. *The Worst President in History: The Legacy of Barack Obama* is your ultimate guide to Obama's real presidential record—the record he'd like history to forget.

AMERICA "America is the land of the free and home of the brave". At least this used to be how it was. Now, it is more like "America is the land of the corrupt and home of the ignorant". Here we have an uncontrollable disease of corruption at its finest. "WE THE PEOPLE" are simply lacking knowledge or information of who we choose to elect for a government office. Who we think we are voting for just from the looks or what conspires out of their very mouths but do we really know who they are in essence of how they qualify in a particular role of office? In order to justify the means, the book you are about to read will enlighten you as to whom is corrupt and for how long it has been into existence. We will evaluate the circumstances to see why these events or things were corrupted out of revenge or sheer greed of money, to gain power. Some who are mentioned within this book are not so much corrupt but do hold a very thin line of being so. The Constitution pertains to ALL Americans and especially government officials who were elected to make sure our rights are not trampled on regardless of race, religion or place of origin. Whenever these rights are continuously being abused by the representatives of our government then it surely is time for the "Sleeping Giants MUST Awake Again." (America) There has to be a big change within the entire government 'system'. It has to take place from city mayors, governors, legislation, federal court system, all the way up to the United States President. Action speaks louder than words, therefore, what actions are taken by our congress people should be monitored closer by the people so our rights are upheld in an honorable fashion. When outsiders other than American citizens are given our constitutional rights, being illegal immigrants and then treason by fault of the U.S. government is in play. IMPEACHMENT is in order to follow through immediately. We can control the corruption if we discontinue the dynasties and take time to investigate whom we are going to vote for better. When any candidate try to change any of the 'Constitution or 'Bill of Rights,' for their own personal needs, it threatens the people of any age groups. It dishonors our flag and country, dishonors other political or religious organizations, camouflaging, misconduct by prejudice, unexplainable expenses for diplomatic reasons while traveling, parties while there is a crisis going on which requires their immediate attention or gives aid to the undeserving before their own kind (Americans) should be impeached immediately with no benefits herewith. ALL must take drug test and have background checks. The law is for everybody no exemption because you happen to be a politician. Only you and I can hope to enforce these rules of conduct, to have a better tomorrow and of human decency for all Americans. IMPEACH OUR FRAUDULENT PRESIDENT 'BARACK HUSSEIN OBAMA'

It's amateur hour at the White House. So says New York Times bestselling author Edward Klein in his new political exposé *The Amateur*. Tapping into the public's growing sentiment that President Obama is in over his head, *The Amateur* argues that Obama's toxic combination of incompetence and arrogance have run our nation and his presidency off the rails. "Obama was both completely inexperienced and ideologically far to the left of Americans when he entered the White House," says Klein. "And he was so arrogant that he didn't even know what he didn't know." Klein, who is known for getting the inside scoop on everyone from the Kennedys to the Clintons, reveals never-before-published details about the Obama administration's political inner workings and about Barack and Michelle's personal lives, including: The inordinate influence Michelle wields over Barack and her feud with a high-profile celebrity The real reason Rahm Emmanuel left the White House (it wasn't for family reasons) Why Valerie Jarrett's role is closer to that of Rasputin than impartial senior advisor Obama's problems with American Jews How Obama has purposefully forgotten and ignored those that put him in power, including the Kennedys, and the Jewish and African American communities in Chicago From Obama's conceited and detached demeanor, to his detrimental reliance on Michelle Obama and Valerie Jarrett's advice, to the Obamas' extravagant and out-of-touch lifestyle, *The Amateur* reveals a president whose blatant ignorance and incompetence is sabotaging himself, his presidency, and America.

Exposes the radical socialist groups that are shaping Obama's presidential agenda, bringing America closer to the socialized countries of the European Union, Cuba, and Venezuela.
