The latest title in DK's new alphabet series, H is for Hedgehog looks at hedgehog-related words that begin with the letter "h." Take a first look at the happy world of hedgehogs in this beautifully illustrated ebook for babies and toddlers. Part of DK's illustrated animal alphabet series, H is for Hedgehog is the eighth picture ebook installment, a perfect first nonfiction book for young children. The friendly read-aloud text and delightful illustrations will have young animal-lovers smiling in no time as they learn new words about elephants that all begin with the letter "l." Have fun with your little one by pointing to the colorful illustrations that tell the story of these amazing animals. Learn what baby hedgehogs are called, where they live, and how to tell them apart from their alpaca cousins. Filled with simple, playful facts, H is for Hedgehog provides lots to talk about and lots to look at for curious, animal-loving babies and toddlers everywhere.

This deluxe jumbo activity book is overflowing with 224 pages of Barbie and her friends to color—plus over 50 stickers.

This adorably stylish gift set includes a board book version of the internationally best-selling Frida Kahlo—from the critically acclaimed Little People, BIG DREAMS series—and a 7.25" plush Frida Kahlo doll. When Frida was a teenager, an accident changed her life forever. Unable to walk, she began painting from her bed. Her self-portraits, which show her pain and grief, but also her passion for life and instinct for survival, have made her one of the most famous artists of the twentieth century. Babies and toddlers will love to snuggle with their own little Frida as you read to them the engaging story of this fascinating painter, and will also enjoy exploring the modern and quirky illustrations of this sturdy board book on their own. Then they can play "artist" with their Frida doll, dressed in her signature bold style, in a light blue traditional skirt and red shirt with a green satin bow tied through her braided updo. Little People, BIG DREAMS is a best-selling series of books and educational games that explore the lives of outstanding people, from designers and artists to scientists and activists. All of them achieved incredible things, yet each began life as a child with a dream. This empowering series offers inspiring messages to children of all ages, in a range of formats. The board books are told in simple sentences, perfect for reading aloud to babies and toddlers. The hardcover versions present expanded stories for beginning readers. Boxed gift sets allow you to collect a selection of the books by theme. Paper dolls, learning cards, matching games, and other fun learning tools provide even more ways to make the lives of these role models accessible to children. Inspire the next generation of outstanding people who will change the world with Little People, BIG DREAMS!

Antistatic sprays from several different manufacturers are examined. The sprays are examined for contamination potential (i.e., outgassing and nonvolatile residue), corrosiveness on an aluminum mirror surface, and electrostatic effectiveness. In addition, the chemical composition of the antistatic sprays is determined by infrared spectrophotometry, mass spectrometry, and ultraviolet spectrophotometry. The results show that 12 of the 17 antistatic sprays examined have a low contamination potential. Of these sprays, 7 are also noncorrosive to an aluminum surface. And of these, only 2 demonstrate good electrostatic properties with respect to reducing voltage accumulation; these sprays did not show a fast voltage dissipation rate however. The results indicate that antistatic sprays can be used on a limited basis where contamination potential, corrosiveness, and electrostatic effectiveness is not critical. Each application is different and proper evaluation of the situation is necessary. Information on some of the properties of some antistatic sprays is presented in this document to aid in the evaluation process. Ming, James E. Goddard Space Flight Center
