Gender equality is a moral and a business imperative. But unconscious bias holds us back and de-biasing minds has proven to be difficult and expensive. Behavioral design offers a new solution. Iris Bohnet shows that by de-biasing organizations instead of individuals, we can make smart changes that have big impacts—often at low cost and high speed.

A fine collection of classic novels, short stories, poems, and essays from distinguished women writers. Women writers have been making their voices heard for centuries, but their works were not always taken seriously. Over time, as women gained more social and political freedom, these works have reemerged as subjects that are considered to be worthy of closer study. Classic Works from Women Writers is a collection of more than thirty novels, short stories, poems, and essays by prominent and lesser-known female writers since the 17th century. Included in this volume are groundbreaking works such as Mary Shelley ' s Frankenstein; Agatha Christie ' s The Mysterious Affair at Styles, the first Hercule Poirot novel; Charlotte Perkins Gilman ' s short story “ The Yellow Wallpaper ” and her follow-

the first female justice on the United States Supreme Court after centuries of male appointments, a watershed moment in the long struggle for gender equality. Yet few know about the remarkable women considered in the decades before her triumph. *Shortlisted* tells the overlooked stories of nine extraordinary women—a cohort large enough to seat the entire Supreme Court—who appeared on presidential lists dating back to the 1930s. Florence Allen, the first female judge on the highest court in Ohio, was named repeatedly in those early years. Eight more followed, including Amalya Kearsse, a federal appellate judge who was the first African American woman viewed as a potential Supreme Court nominee. Award-winning scholars Renee Knake Jefferson and Hannah Brenner Johnson cleverly weave together long-forgotten materials from presidential libraries and private

archives to reveal the professional and personal lives of these accomplished women. In addition to filling a notable historical gap, the book exposes the tragedy of the shortlist. Listing and bypassing qualified female candidates creates a false appearance of diversity that preserves the status quo, a fate all too familiar for women, especially minorities. Shortlisted offers a roadmap to combat enduring bias and discrimination. It is a must-read for those seeking positions of power as well as for the powerful who select them in the legal profession and beyond.

We tell girls that they can be anything, so why do 90 percent of Americans believe that geniuses are almost always men? New York Times bestselling journalist and creator and host of the podcast The Gratitude Diaries Janice Kaplan explores

the powerful forces that have rigged the system--and celebrates the women geniuses, past and present, who have triumphed anyway. Even in this time of rethinking women's roles, we define genius almost exclusively through male achievement. When asked to name a genius, people mention Albert Einstein, Leonardo da Vinci, and Steve Jobs. As for great women? In one survey, the only female genius anyone listed was Marie Curie. Janice Kaplan, the New York Times bestselling author of *The Gratitude Diaries*, set out to determine why the extraordinary work of so many women has been brushed aside. Using her unique mix of memoir, narrative, and inspiration, she makes surprising discoveries about women geniuses now and throughout history, in fields from music to robotics. Through interviews with neuroscientists, psychologists, and dozens of women
