From its name alone, you probably expect the Whirlpool Quiet Partner I dishwasher to be the picture of domestic peacefulness. And when it's running, it usually is. But even when there's something amiss -- such as with the heater -- the dishwasher won't set off a alarm. Instead, the "clean" light on the control panel will blink seven times in a row to alert you to the problem.

Merriam-Webster, move over! Until now, no English dictionary ever found the fun or the fascination in revealing the meanings of letters. One-Letter Words, a Dictionary illuminates the more than 1,000 surprising definitions associated with each letter in the English alphabet. For instance, Conley uncovers seventy-six distinct uses of the letter X, the most versatile, most printed letter in the English language. Using facts, figures, quotations, and etymologies, the author provides a complete and enjoyable understanding of the one-letter word. Conley teaches us that each letter's many different meanings span multiple subjects, including science-B denotes a blood type and also is a symbol for boron on the periodic table of elements-and history-in the Middle Ages, B was branded on a blasphemer's forehead. With the letter A, he reminds us that A is not only a bra size, but also a musical note. One-Letter Words, a Dictionary is a rich, thought-provoking, and curious compendium of the myriad definitions attributed to each letter of the English alphabet. This book is the essential desk companion, gift, or reference volume for a vast array of readers: wordsmiths, puzzle lovers, teachers, students, librarians, and armchair linguists will all find One-Letter Words, a Dictionary a must-have.

The first International Conference on Energy Efficiency in Household Appliances was held in Florence, Italy, in November 1997. This book provides a full account of presentations made, discussions and conclusions reached during the four days of the Conference. It offers a comprehensive picture of the issues at stake, of the results achieved so far through the design and application of standards, the promotion of a better consumer information, the development of energy efficient products and technologies as well as of test methods and other analytical tools.
